

WHERE COMPLIANCE MEETS CONFIDENCE

Dev Associates is India's specialist consultancy for industrial statutory licensing, process safety, regulatory auditing, and facility management. We do not just advise on compliance — we own it, manage it, and deliver it with full accountability.

COMPANY OVERVIEW

Architects of Industrial Harmony and Operational Excellence

Headquartered in Vadodara, Gujarat, Dev Associates is a premier industrial consultancy bridging the gap between stringent regulatory compliance, process safety, supply chain reliability, and digital transformation. We operate on a single, unshakable conviction: industrial operations must be built on an absolute foundation of safety and legal certainty to achieve true, sustainable growth.

We do not just advise on compliance and operations—we engineer resilience, manage your essential supply chains, and deliver results with full accountability. From securing a single complex PESO approval to managing the statutory, chemical, and digital portfolio of a multi-site industrial group, Dev Associates is your unified partner in progress.

OUR MISSION

To ensure that industrial businesses operate within every applicable legal and safety framework—protecting human life, communities, and assets—while simultaneously fueling their growth through reliable chemical sourcing and modern IT infrastructure.

OUR VISION

To be the undisputed, single-source operational partner for India's most demanding industries, setting the cosmic benchmark for safety, compliance, and technological integration.

OUR CORE SERVICES

THE NINE PILLARS OF OPERATIONAL EXCELLENCE

SERVICE 01 — PRIMARY OFFERING

Regulatory Licensing & Statutory Compliance

India's regulatory landscape demands precision, persistence, and established relationships with multiple government authorities simultaneously. Dev Associates provides a fully managed statutory licensing service — handling all documentation, authority liaison, follow-ups, and compliance tracking on your behalf.

PESO Approvals

GPCB Clearances

ODS Compliance

Poison Licenses

Govt. Licensing & Renewals

GIDC Permissions

Factories Act Registration

Excise & Prohibition Permits

SERVICE 02

Process Safety Management

Systematic identification and quantification of process hazards before they become incidents. Our engineers conduct structured studies that give facility managers the data to make confident risk decisions.

HAZOP Studies

QRA

LOPA

SIL Assessment

Gas Dispersion Modelling

SERVICE 03

Safety & Compliance Auditing

Independent, evidence-based assessments of your facility's compliance status against the Factories Act, BOCW, NBC 2005, and applicable electrical and fire safety standards.

Electrical Safety

Factories Act Audits

Construction Safety

Fire Safety Audits

Beyond Compliance Total Operational Support

SERVICE 04

Engineering & Technical Design

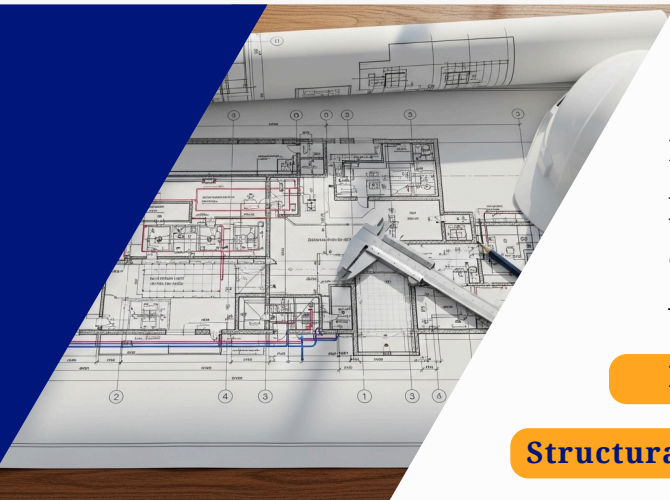

Mechanical and structural installation works, civil piping designs, non-metallic equipment integration, and purpose-built fire suppression system construction — delivered from drawing to commissioning.

Piping Design

Equipment Integration

Structural Installations

Fire Suppression Systems

SERVICE 05

Industrial Training & Workforce Development

Structured skill-building and workplace safety training programmes designed for industrial teams — covering regulatory awareness, hazard recognition, behavioural safety, and emergency preparedness.

Regulatory Awareness

Behavioural Safety

Hazard Recognition

Emergency Preparedness

SERVICE 06

Integrated Facility Management (IFMS)

Technology-supported facility operations across 50+ sites managed by a 200+ strong professional workforce — encompassing mechanised housekeeping, preventive maintenance, and complete soft services.

50+ Sites Under Management

Preventive Maintenance

Mechanised Housekeeping

SERVICE 07

Specialist Manpower & Workforce Solutions

Qualified safety supervisors, technical operatives, and hospitality-grade staff supplied on flexible or permanent terms — all vetted, trained, and ready to integrate into your operational environment immediately.

Safety Supervisors

Industrial Operatives

Hospitality Staff

Flexible Terms

SERVICE 08

B2B Chemical Trading & Sourcing

The material lifeblood of your manufacturing processes, sourced with precision. We provide a robust, reliable B2B supply chain of high-quality industrial chemicals alongside tailored procurement strategies to guarantee uninterrupted production for your facilities.

High-Quality Chemicals

Reliable Supply Chain

Tailored Procurement

Uninterrupted Production

Beyond the Factory Floor Intelligent IT Solutions.

SERVICE 09

Industrial IT & Digital Transformation

Modernising heavy industry through cutting-edge digital infrastructure. We provide custom IT setups, seamless ERP integration, and digital compliance tracking, alongside strategic digital marketing and content creation to amplify your brand's authority.

ERP Integration

Custom IT Infrastructure

Digital Compliance

Digital Marketing

INDUSTRIES WE SERVE

PARTNERING WITH INDIA'S CORE INDUSTRIES

We have a proven track record of securing and optimizing operations for industry leaders and institutions across:

Oil & Gas Refineries & Storage Terminals

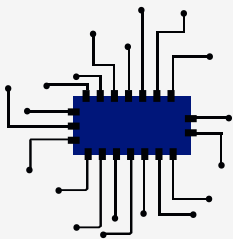

Chemicals & Petrochemicals

Pharmaceuticals & Fertilizers

Ports & Heavy Engineering

Food Processing & Electronics

OUR COMMITMENT TO YOUR OPERATIONAL SUCCESS

01

SPECIALISTS, NOT GENERALISTS

Regulatory licensing and industrial safety are our core disciplines. You get dedicated experts who understand the exact nuances of industrial law, not just general advisors.

02

ZERO-COMPROMISE STANDARDS

We design bulletproof compliance and safety frameworks aimed at absolute legal certainty—ensuring zero statutory penalties, zero delays, and uninterrupted operations.

03

AGILE & RAPID EXECUTION

As a modern consultancy, we bypass legacy bureaucracy. We process complex applications correctly the first time, significantly reducing your approval timelines.

04

SINGLE CONTRACT, COMPLETE COVERAGE

From statutory licensing and safety auditing to chemical trading and IT integration, everything is managed under one accountable roof to eliminate vendor friction.

05

DEEP KNOWLEDGE

Headquartered in Vadodara, our intimate understanding of regulatory bodies (PESO, GPCB, GIDC) allows us to navigate local frameworks with unmatched precision and speed.

06

TECH-DRIVEN MANAGEMENT

We do not just react to deadlines. We use digital tracking to monitor expiry dates, schedule renewals well in advance, and anticipate regulatory shifts before they become liabilities

Let Us Handle Your Statutory Obligations.
